to Vanessa, Dawn, Franklin, Liani

Mr. Franklin,

On yesterday, I received an email from Assistant U.S. Attorney Vanessa Mays requesting a 90-day extension for the Government to respond to my pending emergency motion for exemption. I respectfully denied concurrence because as I read and interpret the relevant statutes and case law on this subject matter, I am not sure a second or third interview/investigation is required. Moreover, as Assistant U.S. Attorney Mays indicated in her written request seeking a 90-day extension, any such interview/investigation by your office, ***if required***, would certainly delay the adjudication of my pending emergency motion, which I have respectfully requested a decision within 30 days.

Accordingly, I will be seeking clarification from the Court as to whether another interview/investigation from the Department of Labor is necessary in order for the Court to promptly adjudicate my pending emergency motion. Thus, before I voluntarily begin this interview/investigation process again, I want the Court to clarify whether it is necessary. Therefore, we will need to reschedule our initial interview that was scheduled for later this evening. I hope you understand. I have also included Assistant U.S. Attorneys Mays and Dawn Ison on this email as well.

Respectfully submitted,  
Robert Davis
